Zaragoza's Puerto Venecia - Europe's largest shopping and leisure centre – has signed up surf operator Wave House International.

Currently there are only four Wave House outlets worldwide which are located in San Diego, Durban, Santiago, and Singapore which is due to be open in October 2009.

Wave House, which is based in San Diego, California, will invest €6m in its installation of the static-wave system for its 'urban surfing' brand.

Wave House will join Puerto Venecia's other key anchors across the sectors of home, sports, fashion and leisure which include El Corte, [Ikea](#), Media Markt, Toys 'r Us, Primark and Decathlon.

Nick Hodson, chief executive of Eurofund Investmen, said: '*Wave House reinforces Puerto Venecia's concept of active leisure linked to retailing.*'
